# Welcome message Belgrade 2017

I am very pleased to welcome everyone to the 34th edition of the European Athletics Indoor Championships, especially as it is the first time that this competition will be staged in Serbia.

Serbia becomes the 14th European Athletics Member Federation to stage this event, the most prestigious and important competition in our calendar after the European Athletics Championships.

However, Belgrade does already have an important place in European indoor athletics history as it staged the last edition of the predecessor of this event, the European Indoor Games, at the Belgrade Fair in 1969.

Its success was an important stepping stone in the creation of the European Indoor Athletics Championships the following year and, for me, it has a special place in my heart because, as a young man, I followed those championships closely not least because Norway won a medal in Belgrade that year.

Moving from the past to the present, and also looking to the future, these championships are hugely important for European Athletics and it is especially gratifying that so many of Europe's top performers committed themselves to competing here from the start of the winter.

In addition to being the first major athletics event of the year, Belgrade 2017 is the biggest event on the continental calendar for our sport until next year's European Athletics Championships, when athletics will be at the forefront of what promises to be the greatest multi-sport event staged solely for European nations.

Many of the champions and medallists here will be looking to repeat their success in Berlin in 17 months' time, and those that missed out will no doubt be re-doubling their efforts in a bid to make the podium in the German capital.

Serbia has been very active in staging European Athletics events in recent years – we were in Belgrade in December 2013 for that year's SPAR European Cross Country Championships – so with such experience I am sure these championships will be splendidly organised and I am looking forward immensely to the three days of competition.

We are very grateful to the Athletics Federation of Serbia, the city of Belgrade and everyone else involved with the Local Organising Committee for all their hard work and commitment to successfully staging this event.

Svein Arne Hansen  
European Athletics President

# Welcome to Belgrade 2017!

Dear Friends,

Athletics in Serbia has a long tradition which dates back to the 19th century and we can proudly point to the fact that we made our Olympic debut more than a century ago in 1912.

Now, in the 21st century, our sport in Serbia continues to grow and the evidence for this can be seen in our commitment to organising international events.

Belgrade was memorably the host for the 1962 European Athletics Championships and Serbia has more recently staged the European Athletics U20 Championships and the SPAR European Cross Country Championships, as well as many regional events such as the Balkan Championships.

Consequently, it gives me great pride to welcome everybody to this year's European Athletics Indoor Championships, the biggest athletics competition to be staged in Serbia for more than 50 years.

My team and I, with the support of the Government of the Republic of Serbia and the City of Belgrade, have been working very hard to make sure everything runs smoothly and I'm convinced that the championships will be superbly organised.

On a personal note, the European Athletics Indoor Championships have a special place in my heart. My 400m gold medal at the 1992 edition in the Italian city of Genoa was the biggest triumph of my career. In addition to my personal delight and pride at winning, I remember what this event meant to all the athletes that were there.

Friendships were built that extended beyond the athletics arena and still exist today. It was also the start of a new era, from a sporting perspective, and there was a great sense of optimism and hope for the future.

The European Athletics Indoor Championships has grown considerably in the intervening quarter of a century. In 1992 there were 439 athletes from 35 nations, this year there will be more than 600 athletes from possibly all of European Athletics' Member Federations.

I hope that you will enjoy in the coming days the spectacle that will be prepared for you.

Welcome to Serbia and Belgrade!

## 10. KOMBANK ARENA

KOMBANK ARENA is the most modern multipurpose venue for sports, culture, entertainment, exhibitions, fairs, and other events. The arena is a facility with state-of-the-art technology, universal use, sophisticated marketing, exceptional comfort with comprehensive services for spectators and visitors.

KOMBANK ARENA comprises a complex that includes: a large hall, a small hall, and the parking space. The facility has 18,386 seats. The hall comprises six levels and has a well-structured local network. The large hall covers the area of 48 000 m<sup>2</sup> at six levels and a capacity to receive 18 000 – 25 000 visitors, depending on the event.

The Arena's technical equipment and professional staff allow fast and secure organisation of all types of events.

There have been innumerable occasions when its walls were shaking with powerful fans' chanting, and even the greatest of opponents "have been brought to their knees" by local teams. The "Arena Inferno" is a headline that has been frequently seen in the local and foreign press after important sports events.

Its walls have hosted numerous sporting events such as the Universiade, the European Youth Olympics (EYOF), Davis and Fed Cup, the World Championships in karate, European Championships in judo, handball and table tennis, World Cup finals in volleyball, the basketball clubs Partizan and Red Star games in the Euroleague and others. Beyonce, Placido Domingo, Montserrat Caballe, Julio Iglesias, Eric Clapton, Elton John, Joe Cocker, Lenny Kravitz, Rihanna, Sting, Shakira and other international and domestic stars performed under its domes and some have returned several times remembering atmosphere and hospitality of our audience.

Arena transforms from prehistoric times through the "Walk with Dinosaurs" or "Ice Age" period to various performances of the world's best productions on ice, a circus "tent" with Cirque du Soleil, into the best and biggest music halls in the region, providing exceptional comfort with comprehensive services for spectators and visitors!

We are honoured by the fact that it was in the Arena that the Serbian tennis team, led by Novak Djokovic, won the famous Davis Cup, and thus became the world champion.

During a year KOMBANK ARENA welcomes about 700.000 visitors.

Its modern appearance, state-of-art equipment and great architectural design have provided Belgrade with a great facility which has become a new landmark and trademark of the capital.

## 11. MEDALS/MASCOTT

### BELA

Over 30 high schools and colleges from Serbia participated in the competition for the selection of the mascot of the 2017 European Athletics Indoor Championships . The white lion, which named "Bela", was drawn by Sladjana Ljubic from Central Art School in Kraljevo and was selected the mascot.

It represents athletics as the queen of sports, as a lioness is the "queen" of animals. Lions also are synonymous with speed and power which draws parallels between the lions and athletics.

Belgrade zoo was one of the first zoos in Europe to get the white lions in 2005.

## 12. MARKET SQUARE

The European Athletics Indoor Championships will be held in Belgrade on 3-5 March 2017 and the Market Square will be open during this period in the Kombank Arena.
